THE DAILY EPITAPH IS the only Daily Newspaper published in Cochise county that takes a regular telegraphic press report and does not use "boiler plate."

I could preach a whole sermon on the everlasting blessings of a good newspaper, says Dr. Talmage. A good newspaper is the grandest temporal blessing that God has given to the people of this country. In the first place all the people read the newspapers. and the newspapers furnish the greater proportion of the reading to the people. They don't read books. The old people look for the deaths, the young look for marriages the business men read the business and tinancial columns, and those who are unemployed read the want advertisements. Great libraries make a few intelligent men and women, but newspapers lift the nations into the sunlight. My idea of a good newspaper is a mirror of life itself. Some people complain because the evil of the world is reported as well as the good. The evil must be reported as well as the good, or how will we know what to guard against or what to reform. There is a chance for discrimination as to how much space shall be given to reports of such things as prize fights, but the newspaper that merely presents the fair and beautiful and the bright side of life is a misrepresentation. That family is best qualified for the duties of life who have told to them not only what good there is in the world but the evil, and is told to select the good and reject

#### Trouble in Brazil.

Washington, Nov. 16 .- The only information received by the Department of State in regard to the revolution in Brazil is a cablegram stating that a revolution had taken place and that the Minister of Marine was shot.

LONDON, Nov. 16 .- Later dispatches from Rio Janeiro report that a repullie has been proclaimed, with Seffor Fonsegor as President. The imperial minister was arrested and kept in close confirement. The government had guaranteed protection to members of the imperial family. The Emperor is at his summer palace at Petropolis. 25 miles north of Rio de Janeiro, All business in the city is suspended, but there is no danger to life or property.

New York, Nov. 16 .- John S. Redman, Chancellor of the Brazilian Consulate General in this city, who knows Brazilian politics well, says the so called revolution can hardly be any thing more than a riot between the military and marines, or rather a bloody encounter between the students of the Military and Navai schools, who have always been very jealous of each other and seize every opportunity to fight among themselves. "It is impossible," said he, "that a revolution tending to overthrow the imperial government could take place in the middle of November, hardly a month after the last general election, which took place in October and resulted in an overwhelming and peaceful victory for the Liberals over the ultra conserva tives. Now look at the origin of the dispatches. Not one of them is official. One comes from Rio to New York rubber firms, others from London to coffee firms. The-

#### A Dig in the Ribs

If on the right side and lower part of the diaphragm, though playfully meant and delivered, is calculated to evoke profanity from a chappy whose liver is out of order. When that region is sore and congested, pokes seem fiendish. Look at a man's countenance ere you prod him under the ribs. If his skin and eveballs have a sallow tinge, you may infer also that his tongue is furred, his breath apt to be sour, that he has pains not only beneath his ribs, but also under the right shoulderblade. Also, that his bowels are irregular and his digestion impaired. Instead of making a jocose demonstration on his ribs, recommend him to take, and steadily persist in taking, Hostetter's Stomach Bitters, the finest anti-bilious and alterative medicine extant.
